## **VAJRA (Visiting Advanced Joint Research) Faculty Scheme**

The Department of Science and Technology (DST) has launched a scheme titled VAJRA (Visiting Advanced Joint Research) which offers adjunct / visiting faculty position to undertake high quality research in Public funded Institutions / Universities in India.

### **Eligibility Criteria:**

- The scheme is open to overseas scientists, faculty members and R&D professionals including Non-resident Indians (NRI) and Overseas Citizen of India (OCI).
- The overseas scientist or faculty should be an active researcher working in a leading academic / research / industrial organization with significant accomplishments in research and development.
- Indian Collaborator(s) should be a regular faculty/researcher in public-funded academic/research institutions with significant ongoing research in the area of VAJRA Faculty.

### **Areas of Research:**

The Scheme is expected to undertake collaborative research in areas of S&T including the interdisciplinary areas of national priorities such as energy, water, environment, health, security, nutrition, waste processing, advanced materials, high performance computing, cyber-physical systems, smart machines and manufacturing, etc. and stimulate the latent potential of our academic and research sector.

Applications for the Scheme are open for submission from 1<sup>st</sup> July 2017 onwards through <http://serbonline.in/SERB/vajra>

The Scheme details are available at <http://www.vajra-india.in/>
